ANGELES ATTACKED.

The Insurgents Using Artillery Against Americans Again.

By Associated Press to the Journal. MANILA, Sept. 4.—The insurgents have made an unsuccessful attempt to drive Colonel Smith's command out of Angeles with artillery, the first time they have attempted to use this arm for months. They brought two Krupp guns from Porac and fired eight shells at the town at dawn. Only a few shells exploded, and the aim of the guns being bad, no damage was done. Lieutenant Kenley's gun of the First artillery were brought into action immediately, and soon drove the enemy from their position.

At 4:30 o'clock this morning a small party of rebels fired into Guadalupe, which is held by two companies of the Ninth regiment, supported by the gunboat Laguna de Bay. One native resident was wounded. The enemy was driven off by infantry fire and the guns of the gunboat.

MAKES PLANS

McKinley's Ideas About Colonies

Will Recommend Civil Government.

The Philippines Must Come Under Permanent Control.

By Associated Press to the Journal. NEW YORK, Sept. 4.—A special to the Herald, from Washington, says: "There is good authority for the statement that the president has returned to Washington with these general ideas in his mind as to the future course in relation to the new dependencies: The Philippines Civil government by three commissioners, to supplement military rule immediately after the rebellion is crushed.

Cuba—Continued military control until it is determined by means of a general election whether the inhabitants want independence or annexation. Porto Rico—Civil government territorial form.

HAWAII—Territorial form of government. The President's Pittsburg speech leaves no room for doubt that he will insist upon American control in the Philippines.

To this extent he has thrown down the gauntlet to the anti-expansionists, McKinley not only favors permanent control, but is prepared with all forces at his command to fight for it, but to avert the charge of militarism.

He purposes outlining a plan to congress for substituting a civil form of government for the military the moment peace is obtained and the complete supremacy of the United States established.

By Associated Press to the Journal. LONDON, Sept. 4.—A general strike of seamen and steamer firemen was declared today, ship owners refusing to accept the invitation of the seamen's and firemen's union for a conference.

WARLIKE TALK

Krugers Reply is Om- inous.

Franchise Proposal is With- drawn.

The London Papers Take a Gloomy view.

By Associated Press to the Journal. LONDON, Sept. 4.—A dispatch from Johannesburg definitely announces that the reply of the Transvaal Republic to the British communication withdraws the franchise proposal and agrees to a conference at Cape Town.

The afternoon papers take the view that if the foregoing dispatch is correct Kruger's reply is ominous, as it was palpably made to gain time. Sir Alfred Milner's suggestion of a further conference was instigated with the sole purpose of considering details and for the enforcement of con- cessions offered by the Boers. If the concessions are withdrawn there can be no object from a British point of view for parleying longer. The inference drawn is that the Boers have taken Chamberlain in a broader sense than he intended and they now want to begin negotiations over again on new basis.

PRETORIA, Sept. 4.—The reply of the Transvaal republic to the demand of Great Britain increases the term of years of residence necessary to obtain a franchise.

CHARGES OTIS

With Purgery in Connection Carters Thievery.

By Associated Press to the Journal. CHICAGO, Sept. 4.—The Times-Herald says:

"Charges of perjury and subornation of perjury have been filed against General E. S. Otis, commander of the American army in the Philippines, with President McKinley, by Frank P. Blair, one of the counsel for Captain O. M. Carter, late government engineer at Savannah.

Counsel Blair declares that at an early date he will also file charges of perjury and subornation of perjury against Judge-Advocate Colonel Thomas H. Barr and President McKinley. Colonel Barr appeared in the famous trial of Carter for the government. General Otis was president of the Carter court-martial."

Movements of Transports.

By Associated Press to the Journal. WASHINGTON, Sept. 4.—General Otis cables the war department that the transport Indiana has arrived at Manila with 1,021 recruits and eight officers. The Laelanaw, with a cargo of horses for the Philippines, also sailed.

SAN FRANCISCO, Sept. 4.—The United States transport Warren has sailed for Manila with 1,021 recruits and eight officers. The Laelanaw, with a cargo of horses for the Philippines, also sailed.

DREYFUS TRIAL

Interest is Increasing Every Day.

Prosecution Still Producing Hearsay Evidence

Labori Will Call for Foreign Inform- ation.

By Associated Press to the Journal. RENNES, Sept. 4.—Interest in the Dreyfus trial grows as the denunciations from the outside limit for the further duration of the trial. The session opened today with the appearance of the witness Cernuchi, who, it is alleged, belongs to the royal house of Serbia.

The witness said that when visiting the foreign general of staff, the latter took from his pocket a voluminous package containing military documents. The officer said that in France one could buy anything, adding: "What is the good of Jews if you don't use them." Being asked if he ascertained the name of the traitor in his case Cernuchi replied: "No, because the officer had already said Dreyfus was his informant."

Labori then announced that since the prosecution had summoned the aid of foreigners he intended to make a formal application to have complete steps taken through foreign channels to ascertain whether the documents mentioned in the bordereau were delivered to a foreign power, and if so by whom. This announcement, if Col. Jonaiste consents to the application, will have most important consequences.

The next important witness was the well-known mathematician, Painleve, who began by tearing Bertillon's system of argumentation to pieces.

Labori asked General Gons, who compiled the secret dossier: "I did" shouted Commandant Guignot from the body of the hall.

Cuignet then declared that he had omitted all documents from abroad, "because foreigners were interested in deceiving us." Cuignet added that another dispatch existed relating to the conversation between the foreign sovereign and the French military attaché.

This dispatch said Cuignet although against Dreyfus was also omitted from secret dossier.

Labori insisted that all these documents be submitted to the court behind closed doors.

A commissary of the secret police, named Tompe, was called by the defense. His testimony concluded today's proceedings. The commissary proved indirectly a strong witness for the defense.

WAS IT SUICIDE?

A Dining Room Girl at the Asylum Takes Acid.

Dies After 17 Hours of Suffering—Medi- cal Treatment is of No Avail.

Word reached the city this morning that an attendant at the asylum had committed suicide. Upon investigation the unfortunate person proves to have been a young lady a paroled patient from Portland, aged 23 years. She had been on parole over a year, but having no relatives whom she cared to go to, remained at the institution and served as assistant in the dining room and at other light work. Last evening at 8:30 o'clock she took a dose of carbolic acid, presumably with suicidal intent. She was immediately taken in charge by Dr. Williamson, who ministered to her needs all night. Her mouth and throat were very badly burned, and she died today shortly after noon.

Coroner Clough was called. He hardly considers an inquest necessary, but will hold one at 7:30 o'clock this evening.

The young lady's name was Miss Flannery, of Denver.

G A R ENCAMPMENT

McKinley to Be at the National Fete.

By Associated Press to the Journal. PHILADELPHIA, Sept. 4.—The Thirty-third national encampment of the Grand Army of the Republic was formally inaugurated here today. Every in- coming train is bringing Veterans and visitors and the streets are thronged.

President and Mrs. McKinley will reach the city tonight and be received by Mayor Ashbridge and the members of the executive committee.

Early today the river front thronged with visitors anxious to see Admiral Sampson's fleet.

PROMPT ARREST.

The Way of the Transgressor Leads Into Jail.

About noon Saturday Superintendent Becker, of the reform school, tied his bay mare at the west end of Wilson avenue, while he went into the sheriff's office to transact some business. Returning in less than 10 minutes he found that his rig was missing. He learned from Judge Terrell that a man had driven north on Church street.

The matter was promptly reported to the sheriff, who communicated with outlying towns, and last evening word was received from Oregon City that the horse was there.

She sheriff requested by phone that the driver be detained, and this morning Deputy Sheriff Colbath, accompanied by Supt. Becker, went on Oregon City and found the horse. The man, Daniel Collins, was arrested by Deputy Colbath and brought to Salem, where he was lodged in jail and will have his examination at 2 p. m. tomorrow.
